

Kiwa Quality Services Ltd, UK

UK Directory of Approved Water Fittings

January 2009

- **This directory contains fittings and appliances, which have been tested, evaluated and found to comply with the UK Water Fittings (Water Supply) Regulations 1999.**
- **The products within this directory have either been tested to the UK Regulators Specification or have been assessed and found to comply with the UK requirements by compliance with an appropriate British Standard (BS), European Standard (EN) or by compliance with a specification of another EEA State which has been demonstrated an equivalent level of protection and performance as stated in Regulation 4 (c) of the Water Supply (Water Fittings) Regulations 1999.**
- **Products that have been found to comply with the UK Requirements by complying with Regulation 4 (c) are covered by a Product Certificate issued by a company, which is certified to ISO 45011.**
- **Products within this directory are intended solely for compliance with the UK Water Supply (Water Fittings) Regulations 1999. For further details of Kiwa N.V certified products in The Netherlands, please refer to www.kiwa.nl.**
- **Approvals are valid for a period of 5 years from the issue date on the product acceptance letter.**
